

Ontario Soybean and Canola Committee

Ontario Soybean Variety Trials Tour Guide 2026

MG00E (2200) - New Liskeard

Ontario Crops Research Centre - New Liskeard. From Highway 11, turn onto Highway 65 East. Follow Highway 65, making the left at the lights towards Quebec. The entrance to the field is on the right at 883280 Highway 65 East, with the research centre itself. The trial will have signage at the time of the tours.

GPS: 47.518313, -79.669081

MG00 (2400) - Dundalk

From the town of Shelburne, take Highway 89 west towards Mt Forest. Turn right on 2 Line SW. Follow it until you reach Side Rd 270. Turn left onto Side Rd 270. The plot will be on the left hand side and signed at the road.

GPS: 44.103759°, -80.331262°

MG00 (2400) - Belwood

From the town of Arthur head east on Highway 109. Turn left onto side RD 13. Cross one sideroad (2nd line). Plot is the second farm on the left after 2nd line. Plot will be signed at the farm entrance.

GPS: 43.880885°, -80.451162°

MG00 (2400) & MG0 (2600) - Elora

ELORA RESEARCH STATION
#6182 Second Line East, R.R. # 2
ARISS, ON

GPS coordinates at station entrance: 43.642019, -80.403829

GPS coordinates at plot location: 43.645439, -80.408006

Leaving the station, turn left and proceed down Second Line until you reach the laneway on your right, with fire number 6245. The OSVT will be to the right of this laneway. The MG0 Conventional Trial is at the SW corner, followed by the MG00 Conventional Trial beside it. There will eventually be a section of fallow land which separates the conventional from RR material. The MG0 Roundup Ready Trial is in the SW corner of the field beyond the fallow, with the MG00 Roundup Ready Trial located beside it.

MG0 (2600) - Walton

From Exeter take Hwy 4 north to Kippen Rd. Follow Kippen Rd. through Seaforth to Blyth Rd. Turn left onto Blyth Rd, then turn right on to Brussels Line. Take first left onto Walton Rd. Plot is after first farm on the left. It will be signed at the road.

GPS: 43.684320° , -81.308605°

MG0 (2600) - Port Hope

From the 401, take exit 456, Wesleyville/Morrish Church Road and head north on Morrish Church Road. Turn right onto County Rd 2. Plot is just over 2 km down the road on the lefthand side. Signs will be posted at the road. The location is also a DLF Pickseed testing farm. Follow the lane back to the last red shed on the right. Plot is behind the red shed on the right.

GPS: 43.971163°, -78.364242°

MG0 (2600) - Ottawa

Enter from Fisher Ave and McCooey Lane
Head West
Turn left on the first gravel road on the left
Turn right at the T-junction
Turn left onto the grass pathway
You will come to MG0C first and MG0R second

MG0R: 45.369672, -75.721990

MG0C: 45.370303, -75.722549

MG0 (2600) - Winchester

12088 Baker Road,
Winchester

If coming from the 401:

- Take exit 750 for County Road 31 toward Morrisburg/Winchester
- Turn left (N) onto Route 31 (signs for County Road 31/Winchester/Ottawa)
- Turn left (W) onto Baker Rd. Research Station building will be on the left.

If coming from 416:

- Take Exit 34 to Kemptville from 416.

- Turn left (E) onto County Rd 43 (signs for County Road 43)
- Turn right (S) onto Route 31/County Rd 43 E (signs for County Road 31/Morrisburg/Chesterville)
- Turn right (W) onto Baker Rd. Research Station building will be on the left.

The OSACC Trials will be in the research station ranges on the south side of the road, east of the research station buildings (12088 Baker Road).

Using the station's first south field entrance, turn left. Signs will be posted. The plots will be straight ahead.

GPS Coordinates:

Field Entrance: 45.0574022°N, 75.337693°W

Conventional Soybean plots 45.0570268°N, -75.3376048°W (approximately)

Roundup Ready Soybean plots: 45.0560900°N, -75.3372050W (approximately)

MG1 (2800) - Woodstock

WOODSTOCK RESEARCH STATION

515216 11th Line

WOODSTOCK, ON

GPS at station entrance: 43.144305, -80.786039

GPS at plot location: 43.142926, -80.795859

Please note: The entrance to the Woodstock Research Station is gated. The gate should be open most days during station hours (9:00 am to 3:00 pm; Monday to Friday).

Take the gravel laneway directly across from the station entrance. Follow the laneway approximately 2 km through a series of bends. The trials are located to the left of the laneway, just past a small row of trees. The MG1 Roundup Ready Trial is the first trial as you enter the field and spans the height of the field. The MG1 Conventional Trial is located beside this, to the east, after some filler and a few rows of fallow and spans the height of the field.

MG1 (2800) - Exeter

HURON RESEARCH STATION

70257 Airport Line

EXETER, ON

GPS coordinates of station entrance: 43.316208, -81.500126

GPS coordinates of the trials: 43.314522, -81.508893

Trials are in the 13th Range from the front of the farm on south side (S13).
Contact: Don Depuydt 226 927-4193

MG1 (2800) - St. Marys

Farm of Ben Douglas

*****Address below is for the house directly across from the field entrance, GPS coordinates indicate the exact trial location*****

3104 Perth Road 130
ST PAULS STATION, ON
GPS coordinates of field entrance: 43.329810, -81.107186

GPS coordinates of trials: 43.329771, -81.107132

Enter the laneway that is directly across the road from the address above. The trials are to the left of the laneway. The MG1 Conventional Trial begins in the corner closest to the entrance (SW) and continues up the field until a section of fallow is reached. Across this fallow area is the MG1 Roundup Ready Trial.

MG2E (3100) - Palmyra

42.483445236, -81.74765373
15082 McDonald Line, Muirkirk, Ontario N0L 1X0
When driving down the 401 take Exit 117 for County Rd 20/Orford Rd. Turn onto County Rd 20 towards Highgate. Turn Left onto Bury Rd and continue until McDonald Line. Make a left onto McDonald Line and continue until the Field appears on your right.

MG2E (3100) - Belmont

From the 401, take the exit for Elgin Rd, Highway 73 and head south towards Aylmer. Turn right onto College Line. Plot is down about 2km on the left. Plot will be signed at the road.

GPS: 42.811407° , -81.004796°

MG2E (3100) - Inwood

42.768978, -81.963155
6701 Campbell Line Inwood, Ontario
When driving down the 401 take exit 109 toward Victoria Rd/Chatham-Kent County Rd 17/Chatham-Kent County Rd 21/Regional Rd 17/Regional Rd 21. Turn right onto Victoria Rd/Chatham-Kent County Rd 17/Regional Rd 17 (signs for County Road 17 S/Victoria Road). Continue on Victoria

Rd/Chatham-Kent County Rd 21/Regional Rd 21. Once past the lights in Thamesville keep right to continue on Victoria St. Turn right onto Jane St/Chatham-Kent County Rd 23. Turn left onto Lambton Line/County Rd 1. Turn right onto Shetland Rd/County Rd 8. Turn right onto Bentpath Line/Lambton County Rd 2. Turn right onto Inwood Rd/County Rd 8. Turn right onto Cambell Line. The field will be located on your right.

MG2E (3100) - Ridgetown

42.453105, -81.878935

120 Main St E, Ridgetown, Ontario N0P 2C0

Come to campus as normal and progress to the plots behind the main drive sheds. Once going over the tracks turn right at the next stop sign. Continue down the lane way until it dead-ends. The field is located to the left of where the lane ends.

MG2L (3400) - Chatham

42.470374, -82.058874

11145 Fairview Line, Chatham-Kent, ON N7M 5J4

When driving down the 401 take exit 101 for Chatham-Kent County Rd 15/Kent Bridge Rd. Turn north onto Kent Bridge Rd/Chatham-Kent County Rd 15 toward Dresden. Turn left onto Fairview Line/Chatham-Kent County Rd 18. The destination will be on your right. There will be two driveways, please continue down gravel/grass path that runs between the two fields. Once on the laneway the plots will be located on your left.

DO NOT DRIVE DOWN LANEWAY IF WET FROM PREVIOUS RAINS

MG2L (3400) - Merlin

42.300380, -82.058293

20058 Charing Cross Rd, Chatham-Kent, ON N0P 1A0

When driving down the 401 take exit 90 for ON-40/Communication Rd. toward Chatham/Chatham-Kent County Rd 11/Blenheim. Turn left onto Communication Rd/ON-40 S towards Blenheim.

Continue straight to stay on Communication Rd/ON-40 S. Turn right onto Cundle Line. Turn left onto Charing Cross Rd/Chatham-Kent County Rd 10. The field will be on your right.

MG2L (3400) – Malden Centre

From the 401 take the exit for Puce, Puce Rd. Turn right off the ramp, then take the first road (Walls Rd) left. Go over the first side road, then take the next side road turn right onto Lakeshore road 105. Take Lakeshore Rd 105 to Schoolhouse Rd, turn left. Be attentive looking for the intersection at Schoolhouse Rd as it is narrow and hidden. Plot is down on the right hand side and staked at the road.

GPS: 42.262189°, -82.827478°

MG2L (3400) - Tupperville

From the 401 take the exit for Kent Bridge Road, Highway 15. Head northwest towards Kent Bridge. Follow Kent Bridge Road until the end and turn left onto Base Line. Follow the jog to continue on Base Line until you reach Bush Line. Turn left onto Bush Line. Cross the first side road. The plot is on the right hand side and will be signed at the road. Follow the laneway in (weather permitting).

GPS: 42.554241°, -82.272997°

Phytophthora - Woodslee

GPS: 42.211677, -82.746819

The OSACC Phytophthora Trial is located at the AAFC Whelan Experimental Farm, 1367 County Road 46, Woodslee, Ontario about 1.5 km west of Belle River Rd (exit 34 south, on Hwy 401).

Contact Owen Wally to prearrange a visit to the plots as they are not open to the public.
